THINK BIGGER

Extended Edition...

Greater Christ Temple
New Year's 2020 Vision Cast

The Year of 2020 will be the Year that GCT Extends the Arms of all of our Ministry efforts by strategically refocusing on 3 area's of focus: Ministry, Membership and Community.

A. Strengthen the framework of all of our core ministries.

1. We will strengthen our core ministries with a comprehensive word induced programs and services for all ages, maintaining our Pentecostal Characteristic's yet becoming more forward thinking, using innovative concepts and ideas, yet maintaining ministry effectiveness by being socially and culturally relevant without compromising our ministry values
2. We will fortify the Foundations of our core beliefs by focusing on the person and Work of Jesus Christ, (It's all about Jesus)
3. Placing a strong emphasis on Evangelism, membership growth and retention, Community connection.

B. The second area of Focus will be Church Membership

1. The 2020 Vision will place a strong emphasis on Fellowship among the GCT membership family. As we all know, fellowship and breaking bread from house to house has always been a part of the formation and healthiness of the Church of Jesus Christ.
2. Providing programs and services (such as: Money/financial matters, Parenting skills, counseling services and mentoring among others) that can offer tools for success for our members will be among our 2020 tool box.
3. Making sure that all members are connected to the ministry and serving in various areas of ministry according to their passion and spiritual gifts/calling.

C. The third and last focus for the 2020 year, will be our Community efforts.

1. In order for our Church to maintain our ministry effectiveness, we must become a Church that is connected not only Spiritually but also socially. Therefore, we as a church will become more community based, understanding the plights of our city and responding to the best of our abilities.
2. We will seek funding for our continued community and outreach efforts. We will be intentional as well as forward thinking in all that we do, to assist our City officials and other Christian based programs (i.e.) Gospel mission to help bring the love of God to the marginalized.
3. Sponsoring Evangelism and community outreach events will become apart of our Ministry DNA

Let us THINK BIGGER 2020!
